

Year 1 Science Will it be sunny tomorrow?

I will learn

The year can be divided into four seasons, each lasting around three months.

The four seasons are winter, spring, summer and autumn.

I know in which months the seasons are.

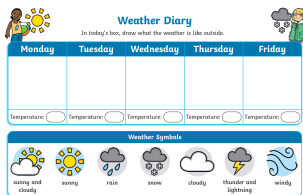

I can describe some changes that occur in each season.

Scientific skills I will develop

To perform simple

tests

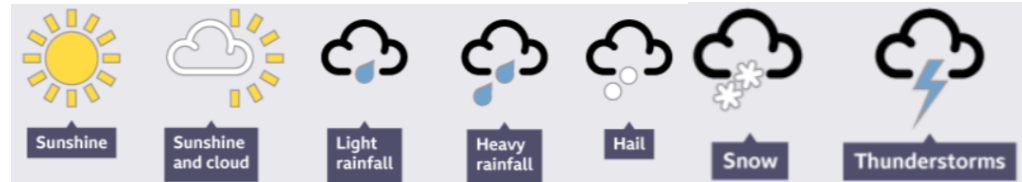

To gather and record data to help in answering questions.

Vocabulary

Season | There are 4 seasons in the UK which last about 3 months.

Weather | The weather can change everyday. The weather includes temperature, wind speed and direction as well as rain, snow or sun.

Daylight | Daylight is when it is light outside.

Daylight hours each month:

Month	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July	Aug
Hours of Daylight	13	11	9	8	8	10	12	14	15	16	16	14
