

Year 2 Would you like to live in a hot or cold place?

Key Knowledge

I can name some countries of the world.

The Equator is an imaginary line around the middle of the Earth.

The North Pole is the northernmost point of the Earth and the South Pole is the southernmost point of the Earth.

Different parts of the world have different weather conditions because of where they are located.

The UK has a temperate climate - neither hot nor cold.

Key Vocabulary

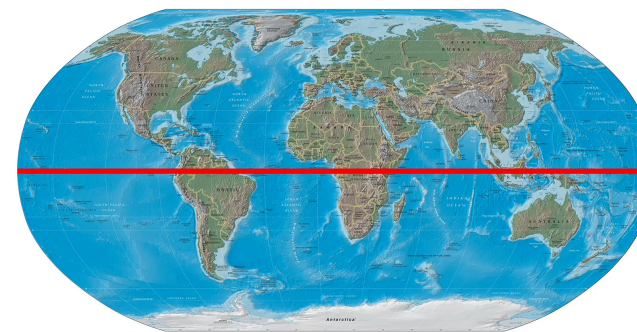

Compass North Pole
South Pole map Climate
tropical polar Equator
temperate

key physical features: forest, hill, mountain, sea, ocean, river, soil, valley, vegetation

key human features: city, town, village, factory, farm, house, office

Information to help me

Equator

Climate zones

World Climate Zones Map

Key Skills

Using a world map, globe and atlas to locate different countries.

Locate the North Pole, South Pole, the Equator and hot and cold places.
