

Pupil Premium Strategy Statement

September 2023 - July 2026

Updated Nov 2024

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
School name	St Anne Line Catholic Infant School & Nursery
Number of pupils in school	180
Proportion (%) of pupil premium eligible pupils	2023-2024 13.8% (25 Pupils) 2024-2025 11% (19 Pupils)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended – you must still publish an updated statement each academic year)	2023/2024 2024/2025 2025/2026
Date this statement was published	June 2024
Date on which it will be reviewed	October 2024
Statement authorised by	Melanie Clayton
Pupil premium lead	Rosie Bond/Claire Warren
Governor / Trustee lead	Paul Norris

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£30,555 - Apr 23 - Mar 24 £32,560 - Sept 24
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	Sept 2023 - Aug 2024 £2,283.75 There is no longer recovery premium (2024)
Pupil premium funding carried forward from previous years <i>(enter £0 if not applicable)</i>	£0
Additional PP funding for LAC	£1,090 - 2024/2025
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£32,838.75 - 2023/2024 £33,650 - 2024/2025

Part A: Pupil Premium Strategy Plan

Statement of intent

At St Anne Line Catholic Infant School & Nursery we ensure that our pupil premium strategy covers a range of initiatives to support families and children so that no child is at risk of underachieving. We recognise that due to the circumstances of families in our school community, some disadvantaged pupils may not be eligible to receive the pupil premium funding. Disadvantaged children will be included in this strategy plan along with disadvantaged and Pupil Premium children who are high attainers.

We have designed an engaging enquiry curriculum which is delivered through high-quality, research led teaching to spark curiosity and motivation in our learners. In addition to termly curriculum enrichment we offer rich cultural experiences throughout the year, as we recognise that many disadvantaged and pupil premium children do not have these experiences outside of school. These events can be subsidised on a case by case basis.

As with every child in our care, a disadvantaged child or a child who is in receipt of pupil premium is valued, respected and entitled to develop to their full potential. Following high-quality first teaching and rigorous assessment, small group or 1:1 interventions are delivered by trained learning support staff and our expert teachers.

We are committed to meeting our pupils' pastoral, social and academic needs in a nurturing environment. Our highly experienced learning mentor provides support to families and children along with nurturing staff who are dedicated to supporting all learners. We identify pupils eligible for pupil premium funding early by asking all parents to complete a form annually. During Nursery and Reception home visits and at KS1 parents consultations in the autumn term, teachers seek to find out more about the families of children in their class, so we can best offer support. Following a referral from teachers to the learning mentor, she will engage with families to identify what support may be required for their child and the family.

We have breakfast and after-school wrap-around care, run by school staff. A mixed-age family service at lunchtime is run by school staff, which allows disadvantaged and pupil premium children to experience sitting at a dining table, developing their independence and enhancing their speech and language skills. A wide range of after-school activity clubs are also run by teachers and learning support staff offering further enrichment such as athletics, crafting, and cooking. Some of our wrap-around care, activity clubs and school visits can also be subsidised for disadvantaged and pupil premium children on a case by case basis.

Our ultimate goal is to create an inclusive and supportive learning environment which develops the whole child so every child is ready to learn, can thrive and succeed.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Punctuality & Attendance</p> <p>The punctuality and attendance of pupils in receipt of pupil premium is below that of peers leading to missed learning.</p>
2	<p>Reading Outcomes</p> <p>There are pupils in receipt of pupil premium who do not make expected progress.</p>
3	<p>Pastoral</p> <p>Pupils' emotional well-being, social and behavioural needs are affecting readiness to learn.</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan (July 2026)** and how we will measure whether they have been achieved.

Intended outcome	Success criteria
The attendance and punctuality will meet national targets.	Attendance 95% or above (in line with government target)
Improvement in reading outcomes.	<p>PP children will make good progress from starting points and achieve their personal reading target.</p> <p>Ambitious targets for the KS1 Phonic Screening Check are outlined below, based upon recent national averages and predicting increases over the next 3 years.</p> <p>80% of PP children will have passed the phonic screening test in year 1.</p> <p>80% of PP children will have passed the phonic screening test in year 2</p>
Increased engagement in learning and improved academic outcomes.	<p>-Triangulated evidence through teacher observations, book looks and pupil voice will demonstrate increased engagement with learning.</p> <p>-80 % of PP children will achieve Age Related Expectations for Reading, Writing and Mathematics.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year (2024/2025)** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 2,283.75

Activity	Evidence that supports this approach	Challenge number(s) addressed
RWI training for teachers and support staff	EEF Ofsted Phonics review/update	2

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 16,761

Activity	Evidence that supports this approach	Challenge number(s) addressed
Teacher led small phonics groups	EEF 2021 <i>"Small group tuition approaches can support pupils to make effective progress by providing intensive, targeted academic support to those identified as having low prior attainment or at risk of falling behind. The approach allows the teacher to focus on the needs of a small number of learners and provide teaching that is closely matched to pupil understanding. Small group tuition offers an opportunity for greater levels of interaction and feedback compared to whole class teaching which can support pupils to overcome barriers to learning and increase their access to the curriculum."</i> EEF 2022 - Professor Becky Francis <i>"The research is clear – done well, and aligned to high quality teaching, tutoring can be hugely successful in accelerating progress for struggling learners. It is also one of the best evidenced interventions we have to support disadvantaged pupils' attainment."</i>	2,3
Learning support assistant interventions <ul style="list-style-type: none"> • Before school phonics sessions • reading comprehension • extended reading (Greater Depth) 	EEF 2021 <i>"Targeted deployment, where teaching assistants are trained to deliver an intervention to small groups or individuals has a higher impact."</i>	2,3

<ul style="list-style-type: none"> ● maths ● colourful semantics (S&L) ● gym trail ● zones of regulation ● forest school ● musical communication (S&L) 		
--	--	--

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 13,794

Activity	Evidence that supports this approach	Challenge number(s) addressed
Learning Mentor employment & training <ul style="list-style-type: none"> ● time to talk ● lego therapy ● colour monster ● zones of regulation ● rainbows (bereavement) ● supporting families 	EEF 2021 <i>"Parental engagement approaches are typically delivered over the course of an academic year, as building effective relationships between school and parents requires a sustained effort over an extended period of time."</i> Hattie 2008	1,3
Home learning support <ul style="list-style-type: none"> ● Phonics Packs ● Maths Packs ● RWI virtual classroom 	EEF 2021 <i>"The key mechanism for parental engagement strategies is improving the quality and quantity of learning that takes place in the home learning environment."</i>	2
Learning outside the classroom <ul style="list-style-type: none"> ● forest school ● after school activity clubs subsidised ● curriculum enrichment (offsite visits & onsite experiences from external agencies) subsidised 	Dillon & Lovell, Natural England 2022 <i>"regular compulsory school- and curriculum-based outdoor education programmes, such as Forest School, are linked with more positive social competencies such as self-esteem, self-confidence, trusting relationships, and sense of belonging"</i> <i>"There is some evidence that the most deprived children would appear to stand to gain the most, in terms of cognitive functioning."</i>	1,3
Attendance officer <ul style="list-style-type: none"> ● meetings with families, SLT and attendance officer ● fines issued for persistent absence ● engagement with county council for 	DFE 2023 <i>"Our research found that pupils who performed better both at the end of primary and secondary school missed fewer days than those who didn't perform as well."</i>	1

training and support for policy creation

Total budgeted cost: £ 33,650

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

The table below shows the school assessment data of disadvantaged pupils in the academic year 2023-2024.

From the academic year 2023/2024 the DFE no longer collects the end of KS1 Data.

This table shows the internal data for children receiving the PPG.

End of KS1 Data		
	% of pupils achieving ARE	% of PPG pupils achieving ARE
Reading	76%	71%
Writing	69%	57%
Maths	78%	85%

ARE= Age Related Expectations

Attendance Data:

Disadvantaged pupils average attendance was 96%

Assessment of previous pupil premium strategy plan

Below are the objectives and a review and how successfully they were met.

To support pupils' self-esteem, attitudes to learning, sense of well-being and enjoyment of school & develop links with families to provide ongoing support.

The learning mentor has continued to work closely with families and children to support their emotional well being. A wide range of support groups and programmes for children have been implemented such as Rainbows and time to talk.

The school continue to seek advice from and refer families to the BCCS or Family Solutions to ensure early intervention and support at home can be put in place swiftly.

Highly trained support staff provide targeted interventions for pupils.

Every class at St Anne Line Infant school has an LSA, who supports pupils in lessons as well as providing interventions. These interventions can vary according to the needs of the pupils at that stage of learning. LSAs read daily with PPG children along with any other children who do

not read regularly at home, or whose parents have poor literacy skills. They also provided 1:1 or small group interventions for phonics in year 1 and 2.

Phonics Booster sessions

The early morning phonic booster intervention has continued this academic year following the great success in 2022/2023.

Supplementing of curriculum enrichment, school visits and offsite learning.

The school have continued to support families seeking financial support to ensure their child is able to fully experience the broad curriculum offered by our school.

Supplementing breakfast and afterschool clubs to aid inclusion and support the child's well-being.

This has continued following the success of the previous year for families that have been identified as needing this support to help reduce difficulties with childcare or work commitments.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
